

CP3P EXECUTION COURSE

THE PROGRAM

The APMG PPP Certification Program is an innovation of the World Bank Group (WBG) and International Finance Organisations with a shared vision of enhancing Public Private Partnerships (PPPs) performance globally. CP3P is the definitive credential to demonstrate that practitioners are aligned with international PPP good practice.

COURSE DESCRIPTION

The Execution Course represents an intensive classroom-based five-day workshop that will provide practitioners with an in-depth knowledge of the relevant aspects covered during the Course. It will also reaffirm the basic features and characteristics of PPPs.

COURSE CONTENT

The Execution Course extends the context of the Foundation and Preparation Courses and the CP3P program whilst it will cover chapters 5 to 8 of the PPP Certification Guide.

Specific matters to be dealt with in the Preparation Course include:

- Structuring and Drafting the
- Tender and Contract
- Tendering and Awarding the Contract
- Main Challenges and requirements for managing the tender process up to executing the contract
- Strategy, Delivery and Commissioning
- Proactive contract management strategy, the main features of contract Management function, and the main challenges of contract management
- Operations and Hand-Back

STATEMENT OF COURSE AIMS

The purpose of the Execution course is to confirm whether practitioners have achieved sufficient understanding of how to apply the structuring & drafting process of PPP tender documents and the PPP contract, the tendering and awarding of PPP contracts, and the management of PPP contracts during the Construction and Operations Phases.

A successful practitioner should with suitable direction and as part of a multidisciplinary team, be able to start applying the new-found knowledge leading to improved public service delivery.

For practitioners involved on the private sector side of PPPs, the certification will enable the practitioner, with suitable direction and as part of a multi-disciplinary team, to start applying knowledge of the PPP concept as an asset/business opportunity, and of governments objectives and institutional arrangements

COURSE FORMAT

The classroom-based five-day workshop is experiential and interactive. Practitioners are exposed to relevant country and/or sector case studies that are being used to embed principles and processes.

WHO SHOULD ATTEND?

Executive decision makers, senior government employees, and private sector practitioners involved with infrastructure and service delivery. This course is recommended for finance, economics, legal, procurement, environmental, risk, and engineering practitioners.

PRE-REQUISITES

Practitioners need to pass the Foundation exam in order to qualify for the Execution Course.

REQUIREMENTS FOR PRE-READING

Practitioners receive compulsory pre-reading material electronically four weeks before the training starts.

REQUIREMENTS FOR HOMEWORK

Practitioners will be requested to read additional training material, to complete mock tests, consider case studies and relevant articles during the four-day period.

EXAM PASS MARKS

To pass the exam, practitioners must obtain a minimum of 50%. If a candidate fails to achieve the minimum of 50% they will need to rewrite the exam at an additional charge.

EXAMS

- Exams are paper based and will be written on day five of training.
- The exam is based on chapters 5-8 of the PPP Certification Guide
- The exam consists of 80 multiple choice questions that need to be completed in 2.5 Hours
- The exam is an open book exam.
